Session One - People all over the World

For this Craft you will need:

Pop Box Craft Sheet 1

Decorating materials (pens, pencils, paints etc)

This Craft is all about how unique we are - all around the world there are billions of people, and they are all different!

For this activity, we are going to colour in the people around this world. Try to colour them all differently.

You could draw your friends, or family or even your favourite celebrity.

When you have finished colouring in, why not write and say a short prayer for the people of the world?
